**NOTICE OF PUBLIC INFORMATIONAL MEETING
AND EXTENSION OF PUBLIC COMMENT PERIOD
REGARDING AN APPLICATION FOR A PERMIT TO CONSTRUCT
AND OPERATE AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: Valley Paving & Asphalt, Inc. applied to the Department of Environmental Quality (DEQ) for a permit to construct and operate an air pollution-emitting source located in Valley County. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant for the modification of an existing Permit to Construct. Based on this analysis, DEQ has determined that construction and operation of the facility according to the proposed permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation. Therefore, DEQ proposes to issue the permit to construct to Valley Paving & Asphalt, Inc.

PUBLIC INFORMATION MEETING: Notice is given that DEQ has scheduled a period to receive public comments under Docket No. AQ - 0806, Project No.P-060024 concerning the air quality aspects of the project application and the proposed permit in accordance with IDAPA 58.01.01.209. The application materials, the proposed permit and Statement of Basis are available for public review on DEQ's website at <http://www.deq.idaho.gov>.

The public information meeting will be held to discuss and receive public comment on the proposed portable PTC modification for Valley Paving & Asphalt, Inc. currently located in McCall. One (1) meeting will be held at:

- **Thursday, March 13, 2008, 6:30-8:30 p.m.**
Location: Idaho First Bank, Community Room, 475 Deinhard Lane, McCall, Idaho

EXTENSION OF PUBLIC COMMENT PERIOD: Notice is further given that DEQ has extended the deadline by which the public may submit written comments on the draft modified permit to 5 p.m. MST, Monday, March 24, 2008. Comments, requests, and questions regarding the public comment process should be directed to Faye Weber, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706; faye.weber@deq.idaho.gov; or on DEQ's website. Please reference the company name and docket number when sending comments or questions.

For technical assistance on questions concerning this project or the permitting process, please contact Jonathan Pettit at (208) 373-0502.

DATED this 15th day of February, 2008.

Faye Weber
Air Quality Division
